Central Coast Residential Builders (CCRB)

Central Coast Residential Builders (CCRB), a wholly owned subsidiary of CHISPA, Inc. was incorporated in 2002 and holds a California General Contractors License (#811435).

CCRB has performed the duties of General Contractor for 198 single-family residential units, 3 multifamily apartment complexes totaling 140 units, and a 23-unit senior apartment building.

CCRB renovated seven foreclosed homes for the City of Hollister, which were sold to low income families.

CCRB Renovated 14 foreclosed single-family homes, 3 duplexes and one triplex.

CCRB staff is familiar with building multi-family developments under the California Low Income Tax Credit Program guidelines.

Staff members are responsible for construction management, construction supervision, contracts coordination, customer service, warranty service, and accounting for all CHISPA residential developments. The construction manager and construction superintendent are actively involved in the early stages of the design of the development, provide value engineering recommendations, and budget preparation.

CCRB staff negotiates and prepares bids for the project, coordinates contractual agreements with sub-contractors and material suppliers, prepares construction schedules, oversees billing and change orders, and the overall management of field staff.

GREEN BUILDING

Central Coast Residential Builders strives to create healthy spaces for people while preserving the natural environment. We are sensitive to balancing the needs of our clients and have constructed developments using the following Green Building programs:

- U.S. Green Building Council – LEED Program
- Build-It-Green – Green Point Rated Home Program
- National Association of Home Builders – Green Building Program
- Monterey County Business Council – Step Up 2 Green Program
- PG&E Energy Star Builder Program

HUD SECTION 3 REQUIREMENTS

CCRB is familiar with the HUD Section 3 compliance procedures and requires each of our sub-contractors to incorporate Section 3 hiring requirements in their contracts.

CCRB STAFF EXPERIENCE

Alfred Diaz-Infante, President and Chief Executive Officer, holds an MBA from the University of California, Berkeley, with an emphasis in Real Estate and Urban Land Economics and BS from California State University, Sacramento with an emphasis in finance. He has previously worked with Blickman-Turkus as a commercial real estate agent and at Shaw Development in Salinas as sales and leasing agent and conducting feasibility analysis of shopping centers. His experience includes property management, project financial analysis, project management and land acquisition. As President and Chief Executive Officer of Community Housing Improvement Systems and Planning Association, Inc., (CHISPA) and CHISPA Housing Management, Inc. (CHMI), Mr. Diaz-Infante is responsible for the implementation of Board policy, the development and direction of corporate programs and the continued success of CHISPA's affordable housing developments. Mr. Diaz-Infante served as a member of the Monterey County Planning Commission from 1993-1998.

Normond V. Kolpin, Chief Financial Officer, holds an MBA from the University of California, Berkeley with an emphasis in finance and real estate and BS from the University of Montana, Missoula with an emphasis in accounting. He has over fifteen years of financial management and accounting experience, including over ten years experience with real estate investment, development, and management companies. As Chief Financial Officer of Community Housing Improvement Systems and Planning Association, Inc., (CHISPA) and CHISPA Housing Management, Inc. (CHMI), Mr. Kolpin is responsible for overseeing the corporation's and related entities' financial management systems, managing its financial assets and liabilities, and providing financial reports to investors, the CHISPA board of directors, and regulatory agencies. Mr. Kolpin is a certified public accountant and licensed real estate broker.

Gabriel B. Torres, VP of Operations is a graduate of Cal Poly State University, San Luis Obispo and holds a BS degree in City & Regional Planning with an emphasis in Housing and Community Development and Construction Management. Mr. Torres is responsible for conducting feasibility studies future developments and project management oversight activities on current subdivisions and multi-family projects. Mr. Torres is also responsible for onsite issues, ensuring quality workmanship, and timely progress towards completion of the Self-Help and Moderate-Income housing developments throughout Monterey County. He also holds a California General Contractor's License, is the Responsible Managing Employee for CCRB and is a Build it Green Program Certified Green Building Professional, National Association of Home Builders Green Certified Professional.

Central Coast Residential Builders (CCRB)

Luis Ortega, Construction Superintendent, has over twenty years of supervision experience in the construction industry. He has been employed with CHISPA for the past sixteen years, and his responsibilities have included supervising Mutual Self-Help Housing Program participants and construction supervision of CHISPA's Moderate-Income Housing Program homes and multi-family and senior apartment complexes, which includes coordinating the scheduling of all labor activities of sub-contractors, material suppliers, and local building and city/county inspections.

Jose Lopez, Construction Superintendent, has over twenty years of experience in the construction industry. He has been employed with CHISPA for the past nine years, and his responsibilities have included supervising Mutual Self-Help Housing Program participants and construction supervision of CHISPA's Moderate-Income Housing Program homes and Neighborhood Stabilization Program homes which includes coordinating the scheduling of all labor activities of sub-contractors, material suppliers, and local building and city/county inspections.
